## Equip

We can equip your warehouse with all of the machinery, tools and equipment you need for improved productivity.

## Supply

We offer your business quality products and advice to better service your customers' requirements with our organised and efficient supply solutions.

## Manage

Azapak provides a level of service that's impressive as it is unique. We provide informed, proactive advice on product development and logistics management to help build strong relationships and improve your efficiency.

## Uncovering hidden costs.

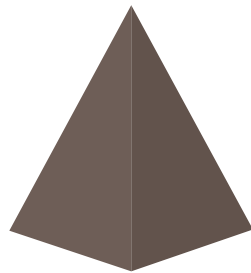

Up to 70% of your packaging costs are hidden. Our packaging solution specialists can work with you to reduce your costs and improve your efficiencies in the following areas:

**Did you know...**

**70%** of your packaging spend is in hidden costs.

**\$100** is the average administration cost of processing a typical packaging supplies order.

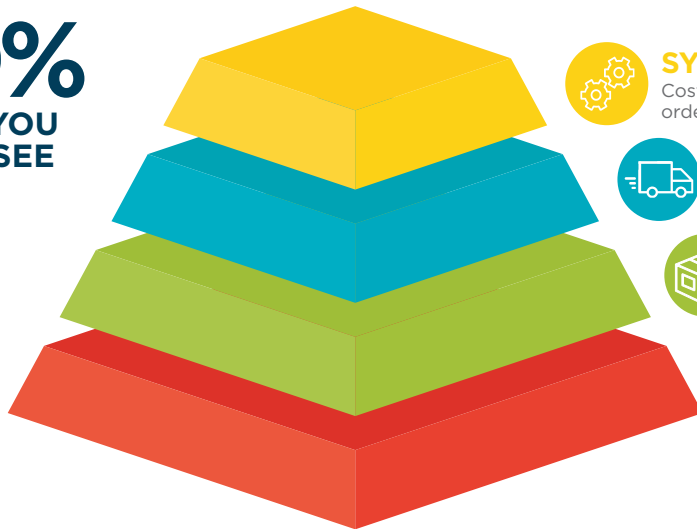

**30%**  
WHAT YOU SEE

### PRODUCT COSTS

Costs of the packaging products required.

**70%**  
WHAT YOU DON'T SEE

### SYSTEMS ALIGNMENT

Costs associated with the administration of ordering and managing your packaging supplies.

### SMART DISTRIBUTION

Freight, storage and handling costs of your packaging supplies.

### DAMAGE CONTROL

Costs to rectify damaged goods and the resulting customer loss.

### OPERATIONS OUTPUT

Costs of manual labour associated with applying packaging.
